

## Are You a High School or University Student Who Dreams About Starting Your Own Business?

BizWiz is a **free** program that gives serious student entrepreneurs what they need to plan and launch their own new business ventures.

- At group cohort meetings you **share experiences peer to peer.**
- During one-on-one coaching sessions, an Innovation Center **business coach will guide you.**
- You can schedule business meetings in conference rooms at the Innovation Center.
- You have access to the Innovation Center's network of service providers, many of whom offer **discounts or free services** to BizWiz entrepreneurs.

Those who are launching technology ventures and successfully complete BizWiz may be recommended for the Student Venture Lab.

- You qualify for **prestigious resident office space** at the Innovation Center.
- You may receive an **acceleration grant** to offset some of your startup and operational business expenses.
- You may receive a **paid Internship** to work on your own business, so you can focus your efforts on your venture's success.
- You become a part of the **Innovation Center community of technology entrepreneurs.**
